TWO ENGINES ON PASSENGER TRAIN

Santa Fee Arrives Ahead of Time and Stub Brings No. 1's Passengers

Two engines were required to pull S. P. train No. 9 out Friday morning, one an eightwheeler and the other a big 10-wheeler. The reason for the double header was that No. 9 had 12 coaches and the road is too hard for the regular engine to pull the added load.

Comes in Before Time. The Santa Fe train from the north came in four minutes ahead of time Friday morning. Conductor Gifford and engineer Dehart, the same two who piloted the Santa Fe in ahead of time Wednesday, turned the trick again today. Not only was the Santa Fe train ahead of time but it was the only train due Friday morning that was on time.

Stub Train on Southwestern. Southwestern train No. 1, due in El Paso at 6:35 this morning, has been delayed and will probably arrive about 7 o'clock this evening. The train was laid up because of the snow in Kansas. A stub train to carry locals was made up at Tucuman and carried out the schedule, but it did not go further west than El Paso.

Came With Worldly Goods. About 35 Hungarians dropped off the T. & P. Friday morning. Each of the laborers evidently believed the Bible to the extent of "Take up thy bed and walk," for each carried everything from a change of shirts to a loaf of bread in a well-worn bundle, stamped with a glaring yellow sign, "New York Disinfectant." They were all booked for a long engagement near San Francisco.

Rawlings Succeeds Haynes. H. Lake Haynes, Jr., who recently resigned his position as traveling freight and passenger agent of the El Paso & Southwestern railroad, has been succeeded by R. B. Rawlings. Mr. Rawlings will enter upon his new duties the first of the year.

Notice. Wm. Hannon, vice president of the International Association of Machinists, will address an open meeting at Union Labor hall Saturday, December 30, 1911, at 8 p. m. Everyone cordially invited to attend.

ROOSEVELT FAVORS TREATY ABROGATION

He Thinks Congress Acted Wisely in the Russian Matter

New York, N. Y., Dec. 29.—In an editorial in the "Russian Treaty, Arbitration and Hypocricy," which appears in the current issue of the Outlook, Theodore Roosevelt expresses approval of the action taken by congress in abrogating the Russian treaty.

"Men must vote and act on a situation as it actually presents them," he says. "And in this actual event congressmen had but two alternatives, namely, abrogate the treaty, or submit to a continuance of conditions which had become intolerable to our national self-respect, and which representation continuing wrong to American citizens of Jewish faith."

"I still believe," that in so serious a matter it would have been well, first to endeavor to secure a decision by the Hague court on the interpretation of the existing treaty. But this action such a decision would, of necessity, have been in our favor, and this would have enabled Russia to retire from an untenable position with good grace and no loss of self-respect.

"Congress was confronted by the simple fact that unless the treaty was abrogated, conditions would remain as they now are, and under the circumstances, congress acted wisely in deciding for abrogation. But this action was taken while universal arbitration treaties were pending in the senate."

"I do not believe we can afford to arbitrate questions of vital interest and national honor, or questions of settled American governmental policy."

ENGLAND AND RUSSIA TO NAME TREASURER Missing British Consul Is Found Safe, but Is Wounded

London, England, Dec. 29.—A Teheran dispatch to the Times says the British and Russian legations are definitely supporting M. Mornard, the Belgian ex-director of customs in Persia, for treasurer-general.

Missing Consul Safe. British Consul W. Smart, who was wounded in an engagement between his Indian escort and 800 Kashgai tribesmen, is safe, having been brought from a caravanary where he received medical attention, to Kazeroon.

The Persian foreign minister yesterday called on the British minister and expressed deep regret on behalf of the regent and government for the incident. He informed the British minister that measures would be taken to insure Consul Smart's safe arrival at his post at Shiraz and exemplary punishment for the offenders.

The Persian government is extremely apprehensive lest Great Britain consider the incident justification for a punitive expedition.

Important to Merchants

WOULD YOU ACCEPT and pay for a carload of merchandise without even checking the invoice? Then why buy newspaper advertising space without demanding to know the truth about circulation?

There is no mystery about the actual circulation of a daily newspaper—the publisher knows his circulation to the dot every hour of every day, and he can prove it to you, Mr. Merchant, in a dozen different ways, if he wishes to prove it, and if you demand it.

Any advertiser is welcome to investigate The El Paso Herald's circulation in any way he likes. The circulation of The El Paso Herald is included in, and made a part of, every advertising contract.

Undoubtedly. The man who is "never at his best until he has a few drinks in him" must be very poor at other times. Exchange.

CHRISTMAS TRADE OF NOGALES GOOD

Effort Is Made to Enjoin City From Selling the Waterworks Bonds

Nogales, Ariz., Dec. 29.—Leading business men of Nogales say that while the year 1911 has been quiet, the Christmas trade was active enough and the outlook is favorable for a successful new year provided Sonora becomes settled.

The municipal well, with a depth of 57 feet and a free flow of water, has been completed at the Santa Cruz river.

The Nogales Water company has made application for an injunction to restrain the town council from disposing of the water bonds on the ground that the result of the installation of the municipal water system would prove financially disastrous to the town.

The Nogales Water company offers to sell its property and plant to the town for \$40,000 cash.

An annual meeting of the board of directors of the Guaymas Water company was held at Nogales, attended by H. Bonal, president, of Guaymas, and Messrs. P. Pinelli, of La Colorado and C. Bernard, of Hermosillo, directors.

Three cars of tomatoes passed the line at Nogales from the Yaqui river country to eastern markets. The greenstone cars of cattle were shipped through this port by the Alamo Cattle company, of Sonora, to California buyers.

Nogales and vicinity have been wrapped in two inches of snow, the third one in 10 days.

A program and Christmas tree were held in the basement of the St. Andrew's church for the Sabbath school children of the church and for the children of the Methodist Sunday school in the Methodist Episcopal church, South, on Sonora avenue.

The Nogales public schools closed with appropriate programs for a 10 days' Christmas vacation.

Miss Pauline Purser, teacher in the Nogales public schools, has gone to Hereford, Texas, to spend the holidays with her parents.

Miss Ethel C. Hilton, of the public schools, left for Pozo, Mexico, to pass her holiday vacation with Mrs. G. H. Powell.

Miss Edna Baer, of the Bible public schools, is spending the holidays with her sister, Miss Alice Baer, at the Harrison ranch.

H. G. Glone and O. K. Franklin, of Nogales, went to Los Angeles to spend the Christmas holidays with their families.

Miss Edith Doherty, a senior at the Tempe normal, and Duane Bird, of the University of Arizona, are at home to

pass the holiday vacation with their parents.

T. D. Bowman, of Smithville, Kansas, has taken the post of vice consul at Nogales, Sonora, and will arrive the first for his duties. He succeeds Eli Martin, of El Paso.

The Nogales lodge A. F. & A. M., held its annual meeting and elected officers for the year as follows: H. G. Glone, V. M.; E. E. Noon, S. W.; H. M. Claggett, J. W.; Theron Richardson, secretary; Dr. A. H. Noon, treasurer. Installation of officers will take place on January 4, after which there will be a grand ball.

Father Duval, of Nogales, has been given charge of the Tombstone parish in addition to the Nogales parish.

A Chinaman, arrested some days ago in Nogales with a check for \$500, was given a trial in the federal court at Tombstone and his paper found not genuine. A year's sentence in the penitentiary was given him, after which he will be deported.

Senator-elect J. A. Harrison has returned from Phoenix, where he attended the Democratic conference.

A. J. Milligan, immigration inspector in charge at Nogales, has returned from Mendocino, California, with his bride.

Mr. and Mrs. F. J. Duffy entertained a party of about 20 persons at their home on Terrace avenue.
